

Music Activity Based Challenges

Thank you for your purchase!

Please note this purchase is for one classroom music teacher and may not be shared on any social sharing sites. You may email this file to parents for distance learning. There are 25 boards.

This Bingo game is slightly different - each square contains a musical activity the student must perform before placing their token. Some activities are fun review, others are silly fun.

Paper tokens and the Beethoven and Mozart characters needed for one of the activities are included at the end of the slides for students to cut out (kind of tedious), or they can use coins, candy, whatever they have at home or in the classroom.
